Subject: FW: Windsor Resource Request

Importance: High

Good morning everyone,

Please see the request from the DCFP for an additional 50 to 100 resources in Windsor for today.

We are going to have to scramble to get these resources.

If you could review the bare minimum resource lists you prepared last week and start contacting resources to see who can be deployed it would be greatly appreciated.

Please send the names of deployable members to DEOC and cc Lamond MA. There is a very short time line so please action this asap. A.CROPS Donna Streeter will be also making the same request from the CROPS side of the house for resources.

A.CROPS Donna Streeter will be contacting DEOC via Walt to coordinate this.

Please send me an email once you have read this email.

Thank you in advance for all the flexibility you and your teams have demonstrated.

John

Subject: Windsor Resource Request

Good morning. I got a request late last night through the DCFP for 50 to 100 bodies to hold the road and bridge open after it is cleared. I spoke with Windsor PS this morning. I know with other commitments that we may not be able to get that number amongst our other commitments, but I would like us to look and see who we can find to certainly provide some assistance. The worry is that if cannot hold what we have gained, we will be right back to where we were with the bridge closed. I dont know how long we will need to keep up the responsibility. I realize it will take some scrambling and planning, but please see what we can do. Members should be in uniform and plan to be outdoors for long stretches of time.

Please let me know what we can do and start to plan and figure out the logistics. I will send you the appropriate Windsor contact when I have it.

Matt
